**#2 Christy Cutter - Gridley Road**

Christy asked the commissioners if there was any possibility that upper Gridley Road could be reopened. After some discussion, Steve stated that at one time a land owner wanted the road closed and at present the county has no desire to open the road. Wil said the road was not vacated; the county just stopped maintaining it. The road specification ordinance (#02-02-10) was discussed which has certain requirements and specifications to upgrade an unimproved road before the county would consider providing maintenance.

Josh made a motion to table this topic until the next meeting so that the ordinance could be reviewed. The motion was seconded by Mark and all agreed.

**#3 Keli Gabbard & Tara Hite - Animal Shelter Vehicle**

Keli advised the commissioners that the 2003 Ford Ranger is out of commission. The rear spring shackles are rusted plus the truck will not start. Steve stated that the truck is probably not worth fixing. The following items were discussed:

1. Steve suggested the white Dodge van from the sheriff's department be used.
2. Mechanical condition of the Dodge van. (The van does have 4 new tires). Keli said they could haul as much of a load with the F150 they have compared to the van.
3. The sheriff would like to trade the van, a Dodge truck, and the evidence trailer for a new van that would be used to run errands. Steve suggested the sheriff trade the vehicles.

5. After more discussion, Steve stated that Keli and Tara park the 4-wheel drive truck at the shelter and to drive their personal vehicles to work. Tara stated that leaving the truck at the shelter will make their response times longer; Steve stated that they are the animal shelter not the EMS.
