**#1 Other Business**

Moorefield/Bennington Sewer District Fencing: The State is requiring the County to fence in the wetlands at both the Moorefield and Bennington sites: Bennington is: 50' x 58' x 6' and Moorefield is 68' x 50' x 6'. There is to be a chain-link fence with a six foot gate at each location. Bruce is to advertise the project.

Jail roof specs: Morris Harris inspected the roof and provided pictures and a proposal for repairs or replacement. Broken trusses, bad shimming, nails not in trusses and sheeting not nailed down are the primary problems causing the water damage in the building.

Mark read portions of the specs for the project. Bids are for a shingle or metal roof. The specs are to be published in both local papers for two weeks. Sealed bids are to be delivered to the auditor's office no later than 5:00 p.m. on 10/2/17.

Wil stated that the liability insurance is for \$3,000,000.00 on this project rather than the customary \$1,000,000.00 due to the cost of replacing the building if there would be a fire or other major damage.

There is to be a workmanship warranty of one year. A manufacturer's warranty will cover the metal or shingles.

Tech Building downspout covers: Bruce said that the company had gotten back with him and the covers are stainless steel. Mark made a motion to accept their proposal and Jerry seconded; motion passed.

Fall Clean Up: Darrell is still working with Rumpke and Best Way on dumpsters for the fall clean up.

Bruce mentioned finalizing the job description for the work Wesley is doing at the Moorefield-Bennington Sewer District. Mark is staying in touch with Wesley.

Mark said that the community has lost another of its members with the death of Nathan Christman. He asked that everyone keep the Allen, Christman and Meisberger families in their thoughts and prayers as they go through this difficult time.

With no further business to come before the board, Mark made the motion to adjourn, seconded by Jerry, and all agreed. The meeting adjourned at 5:18 p.m.
